Marine Reader Series

# Sea Creatures

**Bob Winters**

# ***Dolphins***

Dolphins play in the waves.

A group of dolphins is called a pod.

They dive under the water to catch fish.

People dive under the water too.

# ***Sharks***

A shark is a big fish.

This shark has sharp teeth.

This shark eats other fish.

Are all sharks dangerous?

Have you ever eaten a piece of shark?

# ***Fish***

Fish swim in the sea.

A fish uses its tail to help it swim.

This fish swims fast.

How do fish breathe?

How do fish move?

What is a group of fish called?

## ***Whales***

Whales are animals that swim in the sea.  
They can leap out of the water.
